THE REASON

WHY

MOSELEY'S

IS SO POPULAR

WITH EVERYBODY:

1st. The coolest Soda Water is drawn from Daw's Patent, containing Frozen Cream and Shaved Ice.

2nd. THE LADIES PARLOR ICE-CREAM SALOON is here, and everything is so nice that the most fastidious cannot fail to be pleased.

3rd. MOSELEY supplies families with the best the market affords, and you can find a fresh supply always ready.

4th. Gents will find good CIGARS and TOBACCO always on hand.

BANKER CIGARS.

PUFF OF SATISFACTION.—Nothing is more grateful than the solace of a good-flavored and free-smoking cigar. Such are Mehegan's Bankers, the best cigars for their price in the country. They have become so universally popular in North Carolina, in Raleigh particularly, that all the inveterate smokers are breaking their pipes.
We honestly think two boxes of Mehegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.
We recommend the Bankers, and know whereof we affirm, for as we write we are consoled with the proud satisfaction of puffing one, and enjoy it hugely.—*Norfolk Journal.*
Pink Hardie is Agent for the Bankers, and says he has a letter from Mr. Mehegan, saying that the stock in them is better than ever. Go and try them.

TO GOVERNOR HOLDEN.

HILLSBORO', August 2, 1870.

GOV. HOLDEN:—You say you will handle me in due time. You white-livered miscreant, do it now. You dared me to resist you, I dare you to arrest me. I am here to protect my family; the jacobins of your club after shooting powder in the face of Mrs. Turner, threw a five pound rock in her window which struck near one of my children. Your ignorant jacobins are incited to this by your lying charges against me, that I am King of the Ku Klux. You villain, come and arrest a man, and order your secret clubs not to molest women and children. Yours with contempt and defiance—*habeas corpus* or no *habeas corpus*

JOSIAH TURNER, Jr.

"IMPORTANT DEVELOPMENTS."

The moral obliquity of Holden and his advisers is only surpassed by their political corruption and degradation. He *pretends* that his armed movement is set on foot to suppress crime perpetrated by *Ku Klux*, and that his only object is to ferret out and punish the guilty. In the face of this profession, he goes forward in the face of the law, without its sanction and in defiance of the sacred writ of *habeas corpus*, and the highest judicial officer of the State, and arrests unoffending citizens, admitting that there is no charge against many of them.—He does not stop at this, he deliberately goes about extorting what he calls confessions by *threats* where these will serve his purpose, and by promises of *favor* where these serve him better, then he undertakes to *extort* confessions by *hanging* and otherwise punishing alleged offenders. This he is doing daily by and through "my army!"

Could such a course of action be justified in the eyes of any civilized people, even if there was semblance of legal authority for it? The bill of rights as well as the natural impulse of every heart forbid that any one shall be forced, by any means, to accuse himself. Common right, natural justice, as well as the spirit and letter of our laws, dictate that every man shall have a fair and impartial trial. Now suppose that some of the men arrested by Holden are to be charged with crime, how can they have a fair trial in view of his wilful conduct? See what he does. He appeals to certain parties arrested to *confess*, as he calls it, to make disclosures, he uses threats and promises to induce them to do so; nay, he undertakes to *extort* disclosures by hanging and other shocking violence. Having obtained all he can in this way, he as Governor of the State, sends these "confessions," so obtained, to his newspaper, the *Standard*, publishes and parades them to the world, accompanied by the most inflammatory coloring from his own pen. Is it not manifest that this conduct is calculated to pervert justice and to create prejudice in the popular mind as well as in the mind of whatever tribunal may be called upon to try any one charged by Holden? This is the legitimate effect of his course and he knows it and his advisers know it.

But this is not the chief end he and they have in view—the grand object in this whole movement of lawless force, is to make political capital for the election.—Facts and circumstances in vast abundance to which we have to-day and before this time, directed public attention, prove this beyond a reasonable doubt. But the parade of "Important Developments" in the *Standard* of Saturday last, shows this in a more forcible view. Two cards purporting to be signed by citizens of Alamance county are published. Any one reading these cards cannot fail to see that they fail to state any definite facts, that they bear a strong *political coloring*; they show, too, that they are not the offspring of minds disinterested and free, but that they are written to and by order, and for a specific purpose. The commonest observer cannot fail to observe this.

James E. Boyd signs both of these cards and he takes a wide scope in the service he undertakes to afford Holden & Co. He says he learned that Andrew Johnston was the head center of the "White Brotherhood" and that many of the leading Conservatives of this State were connected with it; he says it was political purely, and intended to defeat negro suffrage and reconstruction. But there is this remarkable fact that neither Boyd nor any one of them signing the card with him, says that there was any organization for the purpose of committing crime of any sort, and yet it is manifest too, that they went just so far as they could go to please Holden. What then is the fact? Why the "White Brotherhood," a secret political society, has members who perpetrate crimes—that is all. The Union Leagues and Heroes of America are secret political societies—many of the members of these organizations perpetrate crimes—then are they not upon an equality? We believe that they are alike dangerous to liberty and hence, have always denounced them both. But if war is made upon one, justice demands that it shall be made on both. These organizations have each smeared the other, if one is put down by force, and the other is permitted to go free, there is no telling what the consequences are to be.

But Mr. Boyd's card is not only written to order and colored as much as possible for Holden, but it comes with a bad and cowardly grace from him; it certainly places him not only in an unenviable, but a deeply dishonorable and detestable view.—He says he had been a member of the order since the fall of 1868, knew all about it and heard that some of his fellow members had committed crimes, whipped people, and hanged one poor colored man; he had known this for months and months, and yet did not denounce it and did not withdraw as he admits he might have done; he says now that he disapproved of all this, but did not denounce or openly condemn it. Now, we put it to decent men to say, what consideration is to be given to the statement of such a man as this, especially when he writes under Holden's whip and in the face of bayonets!

But Mr. Boyd was a lawyer, a man of some public prominence, and led a great many of the people of Alamance into this "White Brotherhood." Holden seizes him and forthwith he turns his back upon his friends and neighbors, whom he has led into this organization and denounces them and it, and tells the leader of an opposing organization, the Union Leagues, all he knows, and colors it too! What must all men, good or evil, think of a false fellow who could do that? Is he not indeed, fit to become the associate of Holden, and a fellow Radical!

But Mr. Boyd was the Conservative candidate for the House of Representatives in Alamance county, and was urging the people to support him. As soon as Holden seizes him, he makes terms for himself, tells all he knows, colors it all he can to suit Holden & Co., and withdraws from the canvass. Well, we think he did right to withdraw, for such a man, one who can thus know of crime, murder and outrage for months and months and say nothing about it, can thus be a candidate, and when arrested without warrant turn State's evidence and join the Radicals—he is not fit to be a Conservative candidate; the Radicals ought forthwith to start him as their candidate and vote for him. He is a fit candidate for Radical hands and Holden no doubt will promote him at the earliest opportunity.

It is clear that Boyd has made statements which does not sustain Holden's pretensions, to save himself from Radical vengeance, and possibly from mental punishment.—Holden agrees to let him go unwhipped of justice, and parades his "confession" in order to make votes! O shame where is thy blush! O knavery unparalleled! Pish Boyd! Tush Holden!

DOCKERY AND HOLDEN.

Col. O. H. Dockery stated to a gentleman a few days ago, that Holden, in speaking to him in Washington some three weeks since, about his military movement, that the movement *originated with John Pool and he, (Holden,) was willing to follow when Pool led.* Col. Dockery replied that he was not willing to follow and would not endorse it. Whereupon Holden said, "*we must carry the election any how.*" Dockery is a Republican and Holden is a Radical and a traitor to the Constitution and the people and a detestable conspirator as well, and we trust the day is not distant when he will be called by the people to a rigid account for his crimes. Nay more, we insist that Pool, Holden and Settle and others whose names we can give, shall be indicted for *conspiracy* against the State and to make war on the people. They can be convicted before any fair jury of this crime, the testimony can be promptly produced. The good of this State and indeed, of the whole country demands that such men for such crimes shall be punished, not only because they deserve punishment, but as an example to others who in these times of public degeneracy, may attempt to perpetrate like crimes.

There is no example in American history for this bold, utterly lawless armed conspiracy; it not only shocks the moral sense, but illustrates how utterly powerless the people are, even in a republic, where these wicked rulers conspire to oppress them.—Here in a time of profound peace, where the law operates every where and there is no show of resistance to lawful, and we may add, unlawful, authority. One man, the Governor, sets himself up as a *despot*, orders the arrest of citizens at will, whether any crime has been committed or not, and holds them in durance vile as long as he pleases, and there is no relief; and this same Governor, in order to execute his such despotic orders, without any authority but his own will, picks out and arms a large body of desperate men, white and black, to enforce his orders. These are the facts and undeniable. Was such a thing ever heard of or dreamed of before? There are this day from fifty to one hundred men, many of them of the best citizens of the State, held in close prison by these armed bodies of men, and the only authority in the world for it, is *Holden's order!* And we are told there is no relief, *the Chief Justice of the State*, says, there is no relief! Shocking! Monstrous! Infamous! Tyrants! Fiends!

THE LAST DAY.

To-day closes the political campaign in this State, to-morrow the fruits of what has been done will be gathered.

During the campaign now closed we have endeavored to do our whole duty, to the extent of our ability, to our party, our State and to the people. To meet the misrepresentations and lay bare the frauds and corruptions of the present administration has been a task beyond our ability to perform fully; an angel would have failed.—But we have neither slumbered nor slept on our post.

We have told the people of the wild and extravagant appropriation bills passed by the Legislature; the incompetency, corruption and bribery of that body. Of the fraudulent and dishonest uses made of these appropriations by those into whose hands they were placed.

We have exposed the wickedness, imbecility, corruption and usurpation of the Executive, as exhibited in every act of his administration.

We have told the people plainly and repeatedly of the incapacity, drunkenness and venality that have in many cases stained the ermine of the Judiciary.

All these things of which we have informed the people to the best of the ability we possessed, have been made manifest by the best corroborative evidence, by the facts themselves, as they have gradually developed, and they are fully known and understood by the intelligent, thinking portion of the voters of the State.

We can do no more. The matter is in the hands of the people and a merciful overruling Providence that shapes the destiny of States and nations as well as of men.

To-morrow the people must act, under the responsibility that rests upon them towards themselves, their country and posterity, whether they feel and acknowledge this responsibility or not. If they act prudently, wisely, and conscientiously, we have no fears of the result; order will be brought out of chaos and confusion; peace succeed to the commotion of arms and oppression; safety take the place of the present precarious tenure to life and liberty, and just, wise and wholesome laws, economy in the expenses of the Government and an impartial dispensation of justice succeed the present inamorous, oppressive administration of public affairs.

During the campaign we have designedly done injustice to no man, but we are conscious that we have failed to do full justice to both friends and enemies. We have not, to the full, commended many of our friends as their earnest, unremitting and self-sacrificing labors in behalf of truth and right deserved. At the same time we have not denounced in terms adequately severe, the rascality, venality, dishonesty and corruption of those who have abused the people and beggared the State. We must leave the people to supply any failure in our part in this respect, to-morrow.

The evidence is closed. The jury, the people, have the case, let them consult together, make up their verdict, and declare it through the ballot box to-morrow.

RADICAL NOTIONS OF FREE GOVERNMENT.

Did any citizen of North Carolina ever understand before now, that the Governor of the State could at his will and pleasure order his arrest without any warrant or legal process and hold him in prison as long as he pleased? We suppose not, such a thing never was dreamed of.

Further, if a Governor had dared to commit such a crime against a citizen, did any body ever supposed that the Chief Justice of the Supreme Court of the State would tell the injured citizen, there is no relief? We suppose not.

The counstitution and laws forbid the idea of such a state of things, and the whole course of government from the foundation of our State till now forbid it.

And yet our Radical Governor has arrested scores of unoffending citizens without warrant or legal process and holds them at his will and pleasure.

These citizens so outraged and deprived of their liberty apply to our Radical Chief Justice of the Supreme Court, and he in substance and effect tells the injured citizen there is no relief and he can give no effective remedy.

Are the people of any party willing to keep such rulers in office? If they do, then they are fit to be slaves forever!

GEN. WASHINGTON ON SECRET POLITICAL SOCIETIES.

In 1794 Gen. Washington said, "The *real people*, occasionally assembled in order to express their sentiments on political subjects, ought never to be confounded with permanent self-appointed societies, usurping the right to control the constituted authorities and dictate public opinion.—While the former are entitled to respect, the latter was incompatible with all government, and must either sink into general disesteem, or finally overthrow the established order of things."

In a letter to Mr. Jay he wrote, "the self created societies (political) who have spread themselves over this country have been laboring incessantly to sow the seeds of distrust, jealousy, and, of course, discontent is not unknown." *Marshal's life of Washington*, vol 5, *pp.* 592 3.

The *Standard* may well hate Lord Mansfield, in advance, and try to destroy his authority. In a celebrated case of an action brought against a tyrannical Governor, it was contended that no action lay against him, that great Judge said, "the monstrous proposition that a Governor, *acting by virtue of letters patent under the great seal*, is accountable only to God and his own conscience, that he is absolutely despotic, and can despoil those under his rule both of their liberty and property with impunity, is abhorrent to the principles of natural justice, and is contrary to the laws of England, which say, all the kings subjects 'whensoever and wheresoever, you shall have a remedy.'"

RADICAL DOINGS WORTH CONSIDERING.

The last Legislature was composed in the Senate of 37 Radicals and 13 Conservatives, Radical majority 24; in the House 82 Radicals and 38 Conservatives, Radical majority 44.

This body so constituted, undertook to appropriate over $26,000,000 State bonds under the pretence of building Railroads. The Courts held that $10,000,000 of these bonds were void, so $16,000,000 were put upon the market. What became of them? Of the whole $16,000,000 less than $500,000 of them have gone into the Railroads of the State. The bonds were upon the market almost at one time, and capitalists saw there was a *stupendous fraud* about the matter; the price of the bonds gradually went down to virtually nothing, but in the meantime while the price was declining, Littlefield, Swepson, Andrew Jackson Jones and Sloan, had realized about $4,000,000 in cash for them. Where did this $4,000,000 go? We repeat, less than $500,000 went into the public works—then, where did the money go? It went into the pockets of the "Ring." The "Ring" sold as many of the $16,000,000 bonds as they could and realized, as we said, $4,000,000. Then what did the Legislature, composed as stated above, do? Why it *repudiated*, by express act, every one of the bonds.—Thus this Legislature destroyed the credit of the State, and as far as such a Legislature could, brought public reproach upon her name.

But this is not all about these bonds. The Legislature levied a "*special tax*" on the people, amounting to about $400,000 last year, to pay the first year's interest on them; that sum of money was collected from the people. What became of it?—Why the "Ring" got $111,000 of it for coupons from these bonds held by them, and the balance was taken by the Radicals in the Legislature to pay salaries and their $7 *per diem*, and this, too, after they had collected from the people and spent over $300,000. They did not stop at this—they took of the school fund $157,000.—They did not stop at that—the State held of the mortgage bonds of the N. C. R. R. Co., $180,000, they sold these bonds and used that too. They did not stop at that, the N. C. R. R. Co. lately declared another dividend and the State's share of that was about $180,000, they took that too. They did not stop at that, they sold the State's stock in the Wilmington & Weldon and Wilmington & Manchester Railroad Companies for $158,000, and that is gone too. They have wasted, squandered and stole all this money in 18 months, and before October there will not be a dollar in the Treasury. How long can the people stand that? Let them remember that every vote given for a Radical is in favor of keeping in power a class of profligate men who have thus ruined the credit of the State and robbed her people of their hard earnings. It would seem that no honest man could vote for such a set of public rascals.

And this is only a little outline of what they did with the people's money.

THE BRUTAL OUTRAGES IN ALAMANCE.

We understand Kirk's Lt. Col. Berger was in the city last night, and that he denied that part of the statement in the SENTINEL concerning his brutalities in Alamance, about tying men up by the toes and thumbs, and requested the gentleman from whom, in part, we received our information, to certify in writing that he did not confess to having thus tied them up, which certificate was given.

This amounts to very little. He did not deny, but on the contrary, boasted that he had not only hung up Wm. Patton, but had had the rope around the neck of another citizen to make him confess his connection with the Ku Klux.

We received our information concerning his hanging men, and tying them up by the thumbs and toes from other sources than from the gentleman alluded to, both by letter and by telegrams. He said to the gentleman that he had hung Patton up by the neck, *but didn't hurt him*, and called Patton up to corroborate what he said. Our telegraphic dispatches stated that Patton confessed nothing; Bergen says he did. Suppose he did, what are confessions worth extorted from a man with a rope around his neck, surrounded by a squad of desperadoes, swearing they will hang him dead if he don't confess!

We have also information that this Bergen extorted a confession from a man with the muzzle of a cocked pistol at his ear, with threats that, if he didn't confess in two minutes he would pull the trigger! He can get plenty of "confessions" from timid men under such circumstances, and these are the sort of confessions by which Holden thinks to justify his lawless proceedings towards the people of the State.

Bergen may or may not have tied up men by the thumbs; our informants state that he did; but one thing is admitted by himself, that he hung Wm. Patton up three times, and had the rope around the neck of another man, and we have good authority for saying he presented a pistol at the head of still another, to make him confess about the Ku Klux.

When it is remembered that a large number of men have been arrested and held for a long time imprisoned, ignorant of the condition of their families, surrounded by reckless and lawless soldiers, approached with threats and promises; it is not to be wondered at that some of them have made confessions in the hope of being benefited, especially when they see that some *have* profited by this course.

A CARD.

Mr. L. P. Estes, late Collector Internal Revenue at Wilmington, member of the North Carolina Legislature of 1869, and now a resident of Enfield, N. C., will find it to his interest to pay Messrs. Starr & Marcus, No. 22, John St., New York, for the gold watch purchased of them in March 1869, and presented to the Speaker of the North Carolina House of Representatives of that session.

STARR & MARCUS.

USURPATIONS OF THE GOVERNOR

We wish to keep constantly before the notice of the people at home and abroad, the flagrant usurpation and resistance to the law by Gov. Holden, in preventing the execution of the great writ of *habeas corpus*, by military force. In order to give it full illustration, picture to yourself Chief Justice Pearson on the seat of justice; behind him standing all the good people of the State, as the constituent body; he handing out to the Marshal his writ and saying, "go bring before me the bodies of Henderson Scott, John Kerr and others, who are imprisoned in a Caswell bastile, and complain to me that they are imprisoned without law.—Bring them hither that I may see on what charges, if any, they are held, and may deal with them according to law."

Scene Second—The Marshal has not passed out of sight of the Chief Justice when he is met by the Governor, with a huge bludgeon and a drawn sword.

Gov.—"Where are you going, sir?"

Marshal—"I am going to bring certain citizens of the State, now said to be imprisoned in Caswell, before Chief Justice Pearson for inquiry into the cause of confinement."

Gov.—"Go back, sir, and tell the Chief Justice that those men are imprisoned by my orders; I have a military force about them, and will kill you or any one the Chief Justice may send for them in your stead, sooner than he shall have them before him or take them from under me. Tell him this from me. My orders, and not his law precepts, rule now, and will rule as long as I please."

Such is the daily attitude of the Governor against the law for more than two week past. Meantime his lawless armed forces are traversing the country, seizing citizens of Alamance and Caswell at their daily business, in one instance taking a whole company engaged in thrashing a neighbor's wheat, leaving the grain exposed to the weather, marching them to their camp, and then releasing or detaining them according to the whim of the moment, assigning no cause for either.

In the meantime, the Governor, by an inquisition of his own, is sifting the timid and, it may be, the venal, among his prisoners and endeavoring to extort, not evidence to punish crime, but certificates to effect the election.

People of North Carolina, behold your Governor! Behold your boasted writ of *habeas corpus*, struck dead by his hand, in a land of Judges and Magistrates, Sheriffs and Constables, a main purpose of whose existence is to give the people assurance that it never shall be denied them by any State authority!

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in many cases, cons derably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all* the plans of *Mutual* or Stock Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiture*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to Stock rules alone, which most of the *Mutual*, and mixed Companies have adopted. The disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.* Forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

Circulars giving full explanations and any other information, will be cheerfully furnished and the most liberal arrangements, will be made with first class solicitors, to push the Excelsior

TOMORROW.

Let every Conservative, who has not yet done so, go to the polls to-morrow, and register and then vote. Every vote is important, and it is every man's duty to vote. Especially does every man's individual interest, as well as the interest of the State, demand of him the performance of this duty at this time. Vote! vote!! vote!!!

CLOSING UP.—We understand that all our merchants and business men with three or four exceptions, have agreed to close their houses to-morrow. We hope all will give in and pass the motion unanimously.

SEND US RETURNS.—We ask our friends along the lines of railroad and telegraph, to send us returns of the election in their localities up to 10 o'clock to-morrow night, when by telegraph, at our expense.

BEWARE!

There are a number of names registered in this township not legally entitled to vote. Should they come to the polls to-morrow and vote, they will be prosecuted according to law, and they need not think to escape by leaving the county before Court, as steps will be taken to hold them to accountability. The penalty for illegal voting is fine and imprisonment. There are between two and three hundred of these under immediate surveillance; let them beware!

DON'T BE AFRAID.—We learn that in some neighborhoods several colored men desire to vote the Conservative ticket, but have been threatened with dire punishment if they do so. Let them not be afraid to exercise their right as freemen, but vote as they please, and if any body threatens or attempts to injure them in any way for it, go to U. S. Commissioner Shaffer and take out a warrant against such person. There is a law on that subject that works both ways.

HANDSOME DONATION.—The Hon. D. M. Barringer, of this city, has presented a large number of volumes of Public Documents received by him during six years service in Congress, from the Mecklenburg District of this State, to the library of "North Carolina College" situated at Mt. Pleasant, in his native county of Cabarrus. This is a worthy and patriotic example which ought to be followed by ex members of Congress, for the benefit of different literary institutions in this State.

LOCALS.—This is no time for writing locals; at least we have no time for writing them. When the election is over we will give more attention to this department, especially if the weather moderates.

DESPOTISM IN A REPUBLIC.

It is a new idea to the people of this State, that under and by virtue of the constitution and laws, the Chief Executive can make himself a despot; can make his will the rule of action and can arrest, imprison and dispose of the citizens at will.

Yet this very thing is done and the Chief Justice of the State mutually sustains it. He says there is no remedy for the citizens when the Governor exercises such power.

Such is not the law, as the humblest citizen knows and feels, as he knows and feels that he is an American citizen, he knows and feels that there is something wrong, that a screw is loose somewhere. It will require a very little effort to show what screw is loose, and we intend to do it before a great while. And we admit, that if things exist as the Chief Justice says, as to the power of the Court, the sooner the people take the same matter into consideration the better.

The Beulah Association of the Baptist Church, which was appointed to meet at Yanceyville next Sunday, owing to the invasion of Kirk, and the seizure of the heads of families in the place, by him, cannot be held there, and they are compelled to go elsewhere.

False Pretences.

The vast and continually increasing sales of Hostetter's Stomach Bitters have provoked the envy of a certain class of dealers in various parts of the country, who are trying to substitute their utterly worthless local nostrums for the most popular proprietary medicine in the world. These impostors hope by their false statements to obtain from the millions who patronize the great American Tonic, a sufficient number of customers to make their speculations upon the health of their neighbors profitable. As the demand for Hostetter's Bitters is now so large and urgent as to tax to their fullest extent the facilities for its manufacture, these petty attempts to write up the merest trash by false representations are of little consequence to its proprietors. They are, however, a serious evil to the victimized. If, for example, at this warm season which a tonic invigorant is greatly needed, the sufferer from general debility, indigestion, biliousness or nervous weakness, is coaxed into using a wishy-washy compound without any medicinal virtue, instead of the sovereign specific in which the rarest tonic and alterative vegetable elements are scientifically combined, it is obvious that he will rue the day when he allowed himself to be thus deluded. It is in the interest of parties who have been or may be influenced by the persuasion of plausible charlatans, that this article is published. With the light of twenty years experience to guide him, who should the invalid take a leap in the dark.

HOLDEN'S OUTRAGES—WHAT A RADICAL JOURNAL SAYS OF THEM.

The conduct of Holden, says the Wilmington *Journal*, is so outrageous and shameless that even the Radical press of the North is beginning to expose and protest against it. The truth is honest men and patriots everywhere are shocked by his atrocities. We call attention to the following remarks of the Washington correspondent of the Cincinnatti *Gazette*, a paper that seldom hesitates to endorse anything that can be turned to the benefit of its party. It shows the whole iniquitous plot in its inception and practical execution:

CAN A GOVERNOR MAKE WAR!

It seems strange that so little should be known here concerning the real condition of affairs in North Carolina. There is more than a suspicion that but little cause exists for the extraordinary course taken by Gov. Holden. One fact, known here to most of the press, has done more than any of the stories from either side on the field of action to throw suspicion upon Holden's movements and create the belief that he has acted only to further the interests of local political factions. And that fact is this: A few weeks before adjournment, Senator Pool came to the reporters' gallery and called out a gentleman he supposed to be connected with the Washington *Chronicle*. He then showed him a North Carolina newspaper in which there was a collection of Ku Klux outrages, murders and robbings drawn out at great length. The Senator went on to say, quite confidentially that it was desirable the *Chronicle* should at once begin the publication of this collection and keep it up until the statements made should be well disseminated in the North.

He further explained the need of this, by saying that to carry the State next fall it would be necessary to use the militia extensively, and if this collection of outrages could be well circulated beforehand, it would justify the step in the eyes of Northern Republicans. Mr. Pool made the mistake of communicating all this to the wrong man. However he must have ascertained his mistake afterward and remedied it as the accounts of dire outrages in North Carolina began to appear the second day after this conversation, and in due time the State militia has appeared upon the scene.

There is no evidence that the authorities here have given any encouragement in this matter further than to look with favor upon all honest attempts made by the local authorities of the restored States to secure order and repress crime. If the movement has been carried beyond the proper limit and used to secure political ends, Senator Pool, Governor Holden and their associates are individually responsible, and not the administration. Thus far the Governor pretends to be acting within the limit of powers conferred on him by the State constitution; and the general government could not well control him if it desired to do so.

HABEAS CORPUS.

JOHN KERR EX PARTE, BEFORE HIS HONOR CHIEF JUSTICE PEARSON, AT CHAMBERS IN THE ROOM OF SUPREME COURT, AUG. 2ND 1870.

The counsel for the petitioner, upon the return of the Marshal of the Supreme Court, and the communication from George W. Kirk, being read, contended that Kirk's response to the service of the writ of *habeas corpus* upon him, was a *return*, and as such was utterly insufficient and that he ought to be attached for making it. They contended that it was insufficient upon several grounds, but mainly upon the following:

1. Because it was not verified by his oath; the case expressly requires this, except the person to whom the writ is directed, be a public officer, and Kirk is not a public officer recognized by the constitution and laws of North Carolina. That he signs himself Colonel of the 2nd Regiment of N. C. State troops, while the Governor has no right to call into service for suppressing riots and insurrections any armed men except the militia.

2. Because it does not set out the day and cause of the capture and detention of the petitioner as is expressly commanded by the writ of *habeas corpus*. The counsel moved further for a precept to be directed to some competent person to have the body of the petitioner brought before him, the Chief Justice, and they contended he had the power to direct it to any person he might choose, and to authorize him to call out a *posse comitatus* of any and every county in the State, or even to call upon the United States authorities if necessary to have the precept executed; for it could never have been contemplated that the act of Assembly which gives the great writ of *habeas corpus*, in favor of the liberty of the citizen, should become a dead letter in any county which the Governor may declare to be in a state of insurrection.

On the motions, the Chief Justice delivered the following decision:

The first motion not allowed. The objection, that the *return*, as the counsel termed it, is not sworn to and other objections taken are not relevant, for this does not purport to be a return, but a refusal to make a return by the orders of the Governor.

Treating it as a refusal, the motion is not allowed for the reasons set out in the opinions delivered by me. I can say no more than what I have already said: The power of the Judiciary is exhausted, I have no POSSE COMITATUS, in this particular my situation differs from that of Chief Justice Taney in "Merriman's case," he had a POSSE COMITATUS at his command, but considered the power of the Judiciary exhausted, without calling it out, he did not deem it to be his duty, to command the marshal with a *posse* "to storm a fort."

R. M. PEARSON,
C. J. S. C.

POWERS OF KINGS UNDER GREAT EMERGENCIES.

It is part of the constitutional law of England that the King has no power even in case of threatened famine to suspend the corn laws.—*Mansfield, C. J.*

The King calling out the militia to suppress insurrections does not subject the insurgents to military law after arrest, but to the civil authority only.—*Ib.*

To this authority alone those arrested are to be committed; and any one called out to suppress riots or insurrections and exceeding his authority "may be punished, not by a Court Martial, but upon an indictment found by the grand inquest," and made subject to the damages sustained by the party injured.—*Ib.*

This is the law for the gallant officer who, under "Major" Yates's eyes walked fifty yards to strike a citizen unarmed and returned with the plaudits of the no less gallant and peaceful Major.

WASHINGTON.

WASHINGTON, August 2.—Revenue to-day nearly $1,001,000; yesterday nearly $1,000,000.

Admiral Porter has departed for the summer. Having no pressing business, the Cabinet meeting was postponed until the President returns from St. Louis. National matters drift smoothly. Robeson remains at the Navy Department.

The collection of tax upon ship builders' sales is suspended.

Senator Williams of Oregon, is prominent as Solicitor General in the Department of Justice.

All revenue cutters on the Lakes are preparing for active duty.

GEORGIA.

ATLANTA, August 2.—Governor Bullock sent a message to the Legislature to-day, transmitting the reports of the Comptroller and the Treasurer. The Governor recommends the payment in gold of the principal and interest of the bonds issued before the war, and the new issues of seven per cent gold bonds to fund the currency he designed since the war bearing mortgage on the State Road.

The bonded debt of the State is $6,014,500 and has not been increased since 1870. The State has taxable property valued at over $12,000,000.

The message was referred to the Finance Committee of the House with instructions to prepare a bill in accordance with the Governor's recommendation.

WEST VIRGINIA.

GREENBRIER WHITE SULPHUR SPRINGS, August 2.—The Virginia watering places have all reduced their rates. At a meeting to-day, the Company reduced their rate one-third to sixty dollars per month.

Five hundred Chinese have been engaged to complete the Lewis tunnel, and will be here in a few days. The colored people look upon the arrangement with much aversion.

A grand masquerade and fancy ball is announced for Thursday next 11th inst.

General Toombs was among the arrivals to-night.

It has been raining here for two days.

FOREIGN.

PARIS, August 2.—The *Figaro* says that the Government refused the offer of American Generals to serve in the army.

Two alleged newspaper correspondents were arrested as spies at Metz.

No news proper to be made public. No battle yet.

COPENHAGEN, August 2.—Denmark and Sweden are in accord on the war.

ROME, August 2.—Italy is concentrating troops on the Roman frontier. The French chasseurs left Civita Vechita yesterday.

BERLIN, August 2.—The Deutsche Bank will receive on deposit American contributions for the wounded.

LONDON, August 2.—Serious apprehensions are entertained of a famine on the Rhine. The *Opinion Nationale*, of Paris, says, in this connection "to avoid impoverishing the scene of war, Napoleon draws substance from the antipoints by rail."

The *Times* this morning has a long editorial on the prospects. The writer thinks the delay in the military movements on both sides is ascribed to the demoralization of the troops from having been moved by rail. The French also have delayed on account of the hesitation of the South German States, and are now necessarily confined to the narrow ground of the near valley; in fact the preconcerted plan of the Emperor has been altered by unforseen circumstances of this sort, and has acted probably to form a new one. The *Times* argues that the aim of the French chassepot, on account of its failing accuracy, will be found to be infinitely less efficient than the needle gun and the difference in this respect will probably be sufficient to govern the result of the war.

Wednesday Evening Dispatches.

WASHINGTON.

WASHINGTON, August 3.—At a meeting of the Directors of the Washington and Boston Steamship Company, S. T. Suit, was elected President.

There is some confusion in dates, but it is regarded as certain here that the French have captured Saarbruck. English and Berlin dispatches call the place "Sasbrucken."

CALIFORNIA.

SAN FRANCISCO, August 3.—Most of the papers have submitted to an advance of 75 cents for composition. The *Morning Call* and the *Bulletin* are holding out and have telegraphed east for compositors.

FOREIGN.

Saarbruck was captured after only two hours' fighting by the French.

The Prince Imperial was with the Emperor and received his baptism of fire with the *sang-froid* worthy the name he bears. Berlin advices up to noon yesterday are silent regarding Saarbruck. Gladstone concluded some explanation in the House of Commons by saying that further remonstrance cannot be made. The course for England is to seek a safe opportunity for a renewal of the efforts in favor of peace.

PARIS, August 3.—Reports from headquarters received up to 1 o'clock this morning gives information of no change in the military situation.

The *Figaro* of to-day announces the death of Gen Gaujal, commanding the sub-division at Strasburg.

BERLIN, August 3.—The Prussian Government has summoned a levy *en masse* to defend the coasts.

LONDON, August 3.—The following is the Prussian account of the affair at Saarbruck: The fortifications at this place, Saarbruck were attacked by a column of French infantry yesterday evening and were repulsed.

Saarbruck was taken by the French this morning; loss light on both sides.

A rumor is in circulation here that the French stormed Weissenburg, a town in Palatinate.

MR. THOMAS H. BRIGGS—Dear Sir—Yours of 12th instant inquiring as to the merits of the "Utley Cotton Press" is to hand and in reply I would say that I have tried other Presses and consider the gain upon which the *Utley Press* works cheaper, simpler and more durable than any I have seen with.

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (cash assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after THEY HAVE BEGUN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

THE AMERICAN COMBINATION
Button Hole & Sewing Machine
Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.
THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in
Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.
Place it unquestionably far in advance of any other similar invention.
It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.
The public are invited to examine this remarkable machine at Mrs THOMPSON' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
Instructions in the use of the machine will be given to all purchasers *gratis*.

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.
CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!
For Restoring to Gray Hair its Original Color.
PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.
☞ Phalon's Vitalia
is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.
THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

NON-EXPLOSIVE COMBINATION BURNING FLUID
THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!
No more Exploded Cans!—No more Explosive Lamps!
No more Smoke!—No more Grease!
No more Fires!!
EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!
IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.
Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!
No accidents have ever happened with it.
Protected by Copy right for 28 years from March 1868.
The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.
Among the numerous testimonials received read the following:
PHILADELPHIA, March 15th, 1869.
The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

A. BALDING'S
PATENT GLASS SUBMERGED
DOUBLE-ACTING FORCE PUMP.
SUBSTITUTE FOR A FIRE ENGINE.
THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.
The No. 2 pump for yard wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 3 for railroad stations, throwing 60 gallons per minute, will be given upon application.
Having the exclusive right to this pump for the States of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases.

MR. J. L. KITCHIN:
DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!
THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES
DEFINITE CASH SURRENDER VALUES,
IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.
The BROOKLYN LIFE enjoys the highest reputation *for judgment, of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.
The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*
Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.
The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.
To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
